

MOVES IN THE FIELD TRIAL JUDGING FORM ADULT GOLD

Circle One: Adult 21+ (21AGM), Adult 50+ (50AGM)

Candidate's Name _____ Member # _____

Host Club _____ Date _____

Expectations for adult 21+ candidates align with the juvenile moves in the field test. Candidates must skate the correct steps and turns on good edges, with good form, flow, strength and preciseness to their steps (rule 5114). For adult 50+ candidates, see rule 5034.

PATTERNS	ELEMENTS TEST STANDARDS / EXPECTATIONS					MARK (-3 to +3)			
						TJ	JIC	J#2	J#3
	1. Stroking: Forward Power Circle <i>continuous flow & strength</i> • Increasing acceleration (not slow, then fast) / No toe pushing • Angle of the body becomes more acute as the move progresses • Circle size increases as skater accelerates <i>Standing start (CCW or CW) F Xovers progressively increasing in foot speed & acceleration, from a slow but gradually accelerated pace to fully accelerated Xovers (as skater accelerates, circle circumference increases). Recommended max. 15 Xovers ea. dir.</i>								
	2. Stroking: Backward Power Circle <i>continuous flow & strength</i> • Increasing acceleration (not slow, then fast) / No toe scratching • Angle of the body becomes more acute as the move progresses • Circle size increases as skater accelerates <i>Standing start (CCW or CW) B Xovers progressively increasing in foot speed & acceleration, from a slow but gradually accelerated pace to fully accelerated Xovers (as skater accelerates, circle circumference increases). Recommended max. 15 Xovers ea. dir.</i>								
	3. Forward Double Three-Turns <i>edge quality</i> • Control of arc between turns & after back 3-turns • No sub curves after turns / Turns placed at 1/3 & 2/3 of lobe • Proper open stroke required / Flow maintained <i>Intro steps opt. Consecutive F dbl 3-turns on 1/2 circles w/ alt. ft. (4-6 sets depends on size of ice & strength of skater) FO dbl 3-turns 1st length of ice surface, FI dbl 3-turns 2nd length (end patterns optional).</i>								
	4. Backward Double Three-Turns <i>edge quality, extension</i> • Control throughout, no major sub-curves • B 3-turn at top of lobe, F at 2/3 of lobe • Gliding edge between turns w/ nicely extended free leg • Flow maintained, full ice coverage w/ depth of pattern <i>Intro steps opt. Consecutive B dbl 3-turns on 1/2 circles w/ alt. feet (4-6 sets depends on size of ice & strength of skater), BO dbl 3-turns 1st length, BI dbl 3-turns 2nd length (end patterns optional).</i>								
	5. Backward Circle Eight <i>edge quality, continuous flow</i> • Round circles, similar in size / Proper push • Body control during position changes (sense of organization in repetition) <i>Standing start (R or L) may mark center, push onto a BO edge, one BO figure 8. Upon return to center at completion of 2nd circle, one BI figure 8 by pushing onto BI, repeating previously skated circle. Circles should be equal in size & approx. 3x skater's height.</i>								
	6. Brackets in the Field Sequence <i>edge quality</i> • Proper edge at strike-off perpendicular to axis, even lobes • Controlled brackets (not jumped) in/out on proper edge (no major sub curves) • Maintain control of body alignment w/ sense of organization in repetition <i>Intro steps opt. (R or L start) 2 sets of turns on 1/2 circles (FO-BI) down approx. 1/2 length of ice surface. Continuing down remaining length (opt. step to transition), 2 sets of turns (FO-BI) on other ft. Entire sequence repeated down 2nd length of ice surface (FI-BO).</i>								
Only one element may be reskated at the end of the test, if necessary.	Circle Test Result	Retry -18 to -1	Pass 0 to +6	Honors +7 to +12	Distinction +13 to +18	Total			

JIC overwrite TJ result in ink.
