Passing Total: 9.0

The Senior/Gold Pair must give an excellent performance. Both partners should move together in complete harmony showing a marked degree of pair unison, good form and excellent flow. The program should fully utilize the ice surface, have a change of pace and superbly express the mood and rhythm of the music. Harmonious steps and connecting movements in time to the music should be maintained throughout the program.

The following elements are required:

JUMPS: _____ Two double jumps, synchronized.
 _____ One jump sequence (number of jumps to be included free).

SPINS: _____ One pair spin such as pair camel, pair sit or catch waist camel.
 (minimum 5 revolutions in position).
 _____ One pair combination spin with at least one change of position.
 (minimum 8 revolutions total).
 _____ One solo spin such as change sit spin, flying camel or camel with change of foot, synchronized
 (minimum 6 revolutions in position or 5 revolutions each foot in case of change of foot spin).

LIFTS: _____ One double twist lift.
 _____ Two additional lifts selected from Groups 1-6.

DEATH SPIRAL: _____ Two different death spirals with minimum of one revolution after the
 pivot position is attained by the man.

THROW _____ One throw double jump.

STEPS: _____ One serpentine, circular or straight line step sequence.
 _____ One sequence of spirals and/or free skating moves such as spread eagles, fully
 utilizing the ice surface.

Extra elements may be added without penalty. Two required elements may be retried, if necessary.
