

## Judges Committee Continuing Education Units Guidelines

Effective September 1, 2003, all judges will be required to maintain a designated number of Continuing Education Units (CEUs) over a four-year period (July 1-June 30).

**Test Judges Only\* (Four-Year Rolling Cycle\*\*)**                      **200 TOTAL Credits**  
**Competition Judges (Four-Year Rolling Cycle)**                      **300 TOTAL Credits**

\* Synchronized Judges without a Singles & Pairs or Dance Competition appointment must maintain 200 CEU credits.

\*\*Rolling Cycle: first year credit taken off, with fifth year credits added to years 2 through 4.

### ***Judges in More Than One Discipline***

Judges who are officials in more than one discipline (i.e., Dance, Singles & Pairs, and/or Synchronized Skating) must maintain a total of one-third of their required Total Credits in the other discipline(s).

#### ***Example:***

A Singles & Pairs and Dance Competition Judge must maintain 100 CEU credits in Singles & Pairs *and* 100 CEU credits in Dance.

## Educational Opportunities

### **Competitions (Judged, Trial Judged, and/or Refereed)**

Competition judges are recommended, but not required, to judge, JET or referee at least one nonqualifying competition per year. In addition, they may trial judge an approved nonqualifying competition for a total of four events during a four-year cycle. Although the number of events listed is recommended, the Judges Committee recognizes the importance of maintaining one’s activity in this area.

To receive credit, the official must judge all the events assigned by the chief referee. Trial judges must complete all the events that have been assigned by Judges Committee. The judge will receive full credit in multiple disciplines when there is evidence of judging activity in Singles & Pairs, Dance and/or Synchronized at the same competition.

<b>Competition Type</b>	<b>CEU Credits per Competition per Discipline</b>
Nonqualifying or Basic Skills Competition	10
Nonqualifying Competition with Judges Committee approval for trial judge credit	50
Qualifying Competition	50

## Tests

Forty tests are recommended, but are not required, to be judged and/or trial judged during a four-year cycle. Moves in the field tests will be credited at 0.5 CEUs per test for those judges who have appointments in both Singles & Pairs and Dance.

Test Type	CEU Credits Per Test
Figures	1
Free Skating	1
Moves in the Field	1
Pairs	1
Dance	1
Synchronized Team Skating	1

## Judges Schools/Seminars

Attendance or facilitation at a school or seminar is recommended once during a four-year cycle, and required for promotion. Credit will be awarded to the discipline covered at the school/seminar.

For seminars that cover multiple disciplines (e.g., Dance, Singles & Pairs, Synchronized Skating), the credit will be divided evenly for those judges who have appointments in more than one discipline.

Seminar Type	CEU Credits Per Seminar
PSA Nationwide Seminars	30
U.S. Figure Skating one-day seminars	45
U.S. Figure Skating one-plus day schools	80
ISU-recognized seminars	80
Computer-based learning (per training module)	35

## Judges Exam/Rules Review

The Rules Review is recommended but not required. When a judge has appointments in more than one discipline, no partial credit will be awarded if not all applicable sections are completed.

Exam	CEU Credits Per Exam
U.S. Figure Skating annual rules review (completion of all applicable sections)	50
