

## ***Technical Notification 27***

**DATED: May 28, 2008**

### **Senior Free Dance Test – 5<sup>th</sup> lift optional**

Per TR 51.06, the Dance Committee chair shall revise a free dance test if there is a substantive change made to the elements by the ISU Ice Dance Technical Committee. The competitive senior free dance for the 2008-2009 season has a 5<sup>th</sup> optional lift that may be performed and is considered in the Choreography component. For the test, a 5<sup>th</sup> optional lift is permissible but not required and will be considered in the presentation mark. The test sheets will be revised.

The remainder of the free dance test remains unchanged.
