QUALIFICATION FOR THE U.S. INTERCOLLEGIATE FIGURE SKATING TEAM CHAMPIONSHIPS

Qualifying points are awarded as follows:

First place	5 Points

A college or university's qualifying points from each of the three intercollegiate conference competitions within their conference will be added together.

The three teams with the highest total qualifying points in each conference will qualify for the U.S. Intercollegiate Figure Skating Team Championships. Any individual athlete from a qualifying team who has competed in at least two intercollegiate conference competitions is eligible to represent the team at U.S. Intercollegiate Figure Skating Team Championships should the team qualify. Athletes on qualifying teams may compete in any events for which their test level qualifies them.

Tiebreaker:

If two or more teams are tied for a particular place in points; the team that had placed higher overall at MORE competitions during the competitive season will be awarded the higher place.

WAIVERS FOR INDIVIDUAL ATHLETES:

An individual athlete on a qualifying team, who has competed in at least one intercollegiate competition, may apply for a waiver to be able to compete with his or her team at the U.S. Intercollegiate Figure Skating Team Championships.

The request for the waiver must be in writing and submitted to the national vice chair for intercollegiate competitions on the Collegiate Programs Committee. The request must state the reason the athlete was unable to participate in at least one other competition. Acceptable reasons include injury, illness, mandatory exams, conflicting U.S. Figure Skating qualifying competitions, etc. The national vice chair will determine whether or not the waiver will be granted in conjunction with the chair of the Collegiate Programs Committee and the director of synchronized skating and collegiate programs.

Note: Waiver requests will not be accepted from any athlete who has not competed in an intercollegiate competition during the season. Skaters must have competed in at least one event. There will be no exceptions to this rule under any circumstance.

WAIVERS FOR TEAMS:

Teams wishing to qualify for the U.S. Intercollegiate Figure Skating Team Championships must compete in all three intercollegiate conference competitions within their conference.

If a team is not able to attend a competition for a reason, that includes weather problems, school mandated leaves or mandatory exams, the team may apply, in writing, for a waiver to the national vice chair for intercollegiate competitions on the Collegiate Programs Committee. The team will be required to document the reasons that they were unable to send any representatives to the competition. In order to apply for this waiver, it is mandatory that the team compete in at least two intercollegiate competition.
