

Report of the Technical and Officials Group (Group 3) **2022 Board of Directors and Governing Council Meetings** **April 2022**

Technical and Officials Group – Todd Bromley, Coordinator

Competitions Committee	Kathleen Krieger, Chair
Domestic Officials Recruitment and Management Committee	Leslie Gianelli, Chair
Domestic Selections Committee	Wendy Enzmann, Chair
Officials Training Committee	Lori Osborne, Chair
Tests Committee	Reed Hastings, Chair

It has been an honor to serve as the Technical and Officials Group coordinator for my second term. This has been an exciting year with the 2022 Olympic Winter Games and a return to skating for all disciplines. 2022 has required us to remain resilient and flexible while still dealing with the COVID-19 pandemic.

Planning continued with nonqualifying and qualifying events. Thinking outside the box remained the normal for some of the committees to carry out their work. Meaningful and fully thought out plans have come to fruition while trying to keep members engaged and caring for the safety and health of our overall membership.

With approval from the Board of Directors, committees were allowed to modify certain rules and requirements in specific areas due to the COVID-19 pandemic. Any temporary rule changes made were for the 2021-22 season only. This forward thinking, trust and flexibility was greatly appreciated by all Technical and Officials Group committee members. I personally want to thank the Board of Directors for their positive feedback and trust in these unprecedented times.

Much of my time was consumed in working directly with the Competitions Committee in reimagining the 2021-22 qualifying competition season for all disciplines. Some very hard decisions were made on the best and safest way to return to competitions and skating in general. Some highlights include the follow:

Everyone was excited to see live skating making a comeback. Much thought, planning and input were given from U.S. Figure Skating's event staff, with recommendations by our Sports Sciences and Medicine Committee, U.S. Government, Centers for Disease Control (CDC), World Health Organization (WHO), and the U.S. Olympic & Paralympic Committee (USOPC). We relied heavily upon the information being provided to ensure these events could be held in a safe manner. Our number one priority remained the safety and well-being of our membership.

In closing, I would like to thank my NVCs for keeping their committee members engaged and excited about the future of U.S. Figure Skating while going through a pandemic. We have found ourselves pivoting on ideas as quickly as they come up. All committees and their members really showed what "resilience" means. Also, special thanks go to the staff at U.S. Figure Skating for their tremendous help and guidance across all committees.

The following sections summarize the work being done on each of the Technical and Officials Group committees:

Competitions Committee – Kathleen Krieger, Chair

The Competitions Committee remained focused on ensuring the 2022 U.S. Figure Skating Championship Series presented by Toyota was conducted. The event schedule was as follows:

- Blaine, MN – Oct. 4, 2021
- Henderson, NV – Oct. 12, 2021
- Allen, TX – Oct. 13, 2021
- Leesburg, VA – Oct. 27, 2021
- Fort Wayne, IN – Nov. 2, 2021
- Norwood, MA – Nov. 9, 2021
- Spokane, WA – Nov. 17-20, 2021
- Alpharetta, GA – Nov. 16, 2021

There were a total of 1,425 entries and 2,047 starts across all eight competitions. Comments were very positive. Participants (athletes, coaches, officials and parents) were surveyed after the events to help determine the future course of our qualifying structure.

Report of the Technical and Officials Group (Group 3) 2022 Board of Directors and Governing Council Meetings April 2022

Health and safety issues remained a top priority as the season progressed. As of March 15, 2022, mask mandates were lifted from U.S. Figure Skating sanctioned events. The Competitions Committee relied on information provided by Dr. Kristin Abbott, chair of the Sports Sciences and Medicine Committee.

Synchronized skating made a strong rebound after having competitions canceled for the 2020-21 season. For the 2022 qualifying season the following numbers of teams have registered:

- 300 synchronized teams total registered for the qualifying season.
 - Number of qualifying teams: 138
 - Number of nonqualifying teams: 162
 - Eastern: 122
 - Midwestern: 140 (highest number of entries since 2015)
 - Pacific Coast: 38 (two more team entries than 2020)
 - Total entries down by 15 due to some organizations merging and others still recovering from the pandemic.
- First year that we will not have any qualifying rounds for any divisions as preliminary, pre-juvenile and open juvenile are all under IJS, and the number of entries did not require qualifying rounds.
- Junior/senior teams – byes and advancements will be coming in a rolling announcement.

The National Synchronized Skating Series was formed:

- 10 nonqualifying competitions and all sectional championships are currently expected to participate.
- For the first time, all National Synchronized Skating Series competitions are required to use EMS for competition registration.
- The series was open to all levels this year to offer more competition between sections without having to travel.

The adult skating community rebounded as well. All three 2022 adult sectional championships ran well. It was evident that the adults were just as eager to compete as everyone else. The 2022 U.S. Adult Figure Skating Championships will be held at the University of Delaware in Newark, Delaware, from April 5-9, 2022. The University of Delaware was originally scheduled to host the 2020 championships before COVID-19 closed down most events.

As we look forward to the 2022-23 season, the Competitions Committee is proposing a restructuring of the qualifying season. The new structure is athlete centric and adds more flexibility and opportunities for athletes to choose when and where they want to compete. With the changes, we have figured out a way to maintain our history and long-standing traditions by creating the National Qualifying Series.

Thank you to all the Competitions Committee's SVCs and RVCs for their assistance in reviewing and approving competition sanctions year round. Your work is truly appreciated.

Domestic Selections Committee (DSC) – Wendy Enzmann, Chair

The Domestic Selections Committee (DSC) is charged with staffing all domestic qualifying competitions and approving the final list of officials for each of the National Qualifying Series (NQS) competitions. For the second year our qualifying competition structure was impacted by the COVID-19 pandemic and, as expected, many officials continued to opt-out for the season and/or withdrew, leaving our committee the challenge to adequately staff all events.

The 2022 qualifying events for singles/pairs and ice dance were reimagined into a series of eight events across the country known as the 2022 U.S. Figure Skating Championship Series presented by Toyota. These events were held as planned, but proper staffing was a challenge, and the feedback from most referees was the need for more assigned officials generally. In several instances, officials were assigned to two or three events and were overworked.

We need to recognize that we have a judging crisis. The lack of qualified and available officials to staff all of our events is concerning. In particular, the biggest concern is our ice dance officials (judges, controllers, specialists without conflicts, and referees); as well as technical accountants, music and announcing. There just are not enough officials to staff our qualifying and nonqualifying events.

The 2022 Toyota U.S. Figure Skating Championships was successfully held in Nashville, Tennessee, in January. Due to the recent COVID-19 Omicron variant outbreak, we were faced with several challenges, including last-minute changes and replacements. A back-up plan was created to adequately staff the event in the case of an emergency. As a result, the DSC passed a ballot

Report of the Technical and Officials Group (Group 3) 2022 Board of Directors and Governing Council Meetings April 2022

to allow: “In the case an official needs to be added to adequately staff the 2022 Toyota U.S. Figure Skating Championships, the Domestic Selections Committee NVCs (Allison Duarte, NVC technical panel; Lori Dunn, NVC judges; Debbie Weidman, NVC event management) in consultation with the chair (Wendy Enzmann), chief referee (Lynn Goldman), Competitions Committee chair (Kathleen Krieger) and group coordinator (Todd Bromley) may make any necessary emergency replacements of qualified officials who happen to be onsite if needed.”

As of this writing the 2022 U.S. Synchronized Skating Championships and 2022 U.S. Adult Figure Skating Championships have yet to take place. Similar to our other qualifying events this season, we continue to make constant adjustments and replacements with these assignments as needed.

Between the new committee structure and COVID-19 pandemic, we have faced many challenges over the past couple of years, and we now have the opportunity with the new quadrennial to make some adjustments.

- One opportunity to consider is to align competition judging appointments with our qualifying events. With the proposed change in the competition structure, we have the opportunity to streamline the judging appointment structure and align our appointments to match our current events: “Nonqualifying”, “Qualifying” and “National.” This would allow the ability for all assigned officials to serve on any panel at the event for which they are qualified and offer more opportunities for much needed activity.
- The National Qualifying Series (NQS) events will qualify skaters to a sectional challenge and replace our traditional regional championships. The LOCs will have the ability to invite the officials for these events; however, there needs to be a system in place to ensure qualified officials are used for the NQS approved competitions on both the technical panel side and the judging side. These events are technically considered qualifying events and require oversight from the Domestic Selections Committee. Guidelines on how this is to be managed are currently under review.

In closing, I would like to thank Mia Corsini Bailey, Megan Romeo and Juliet Newcomer for their continued guidance and support, as well as my national vice chairs: Allison Duarte (technical panel), Lori Dunn (judges) and Debbie Weidman (event management) for all their hard work. Todd Bromley’s outstanding leadership as Technical and Officials Group coordinator has been very much appreciated. It has been an honor to serve as the Domestic Selections Committee chair for the past three years.

Domestic Officials Recruitment and Management Committee (DORM) – Leslie Gianelli, Chair

The Domestic Officials Recruitment and Management (DORM) Committee had an active year, though one different than we had hoped. Zoom remained our friend throughout another pandemic year though, as events resumed and activity picked up across the country, we were able to make many significant advances in the management and recruitment of officials, adding new personnel to the ranks and working cooperatively with other committees to ensure training progressed to keep our officials ready to offer their best to the athletes.

The following sections summarize the work being done on each of the DORM subcommittees:

Judges Management Subcommittee – Lynn Bell, National Vice Chair

With the restraints placed on the figure skating community during the COVID-19 pandemic over the past two years, the Judges Management Subcommittee initiated flexible initiatives to assist those candidates seeking higher appointment status, including a moratorium on the aging process for all test and competition trial judging papers.

With the downturn of the pandemic, rinks have continued to open and return to operating under substantially normal conditions. Hence, a noticeable increase in judging and trial judging opportunities has occurred across the country, and the moratorium on trial judging papers was lifted on Oct. 1, 2021.

As an outgrowth of the decline in the pandemic, from July through October 2021, in-person competition trial judging was resumed in singles, pairs, ice dance and synchronized skating. In-person, approved trial judging was offered at 10 nonqualifying competitions across the country in singles, pairs and ice dance. There were three nonqualifying competitions that offered approved trial judging for synchronized skating. Approved trial judging was offered at all the Championship Series venues for singles, pairs and ice dance; as well as all sectional championships for synchronized skating. In-person trial judging was also offered to qualified candidates in singles, pairs, ice dance and synchronized skating at the respective national championships.

Report of the Technical and Officials Group (Group 3) 2022 Board of Directors and Governing Council Meetings April 2022

The number of judging appointments dramatically increased over the same period last year. A summation of the judging appointments from July 2021 through February 2022 shows that there were 72 total judging appointments, up from 26 appointments during the same period a year ago. Of these appointments, 52 were for singles/pairs, 15 appointments were for ice dance, one appointment was for synchronized skating, and five were showcase appointments. In addition to these, a total of 10 honorary national judging appointments were given to those very deserving individuals.

A promotional virtual seminar for singles and ice dance tests was held Feb. 25-27, 2022. Those selected for possible promotion are in the exam-taking stage as of this writing. An in-person promotional seminar for singles, pairs, ice dance and synchronized skating will be held May 19-22, 2022, in Denver, Colorado.

Technical Panel Management Subcommittee – Scott Brown, National Vice Chair

All required officials completed their annual TPER requirements. The passing average for each discipline is as follows:

- 2021-22 TPER Procedure Questions: 95.5%
- 2021-22 TPER Singles: 91.5%
- 2021-22 TPER Pairs: 91.2%
- 2021-22 TPER Ice Dance: 91.8%
- 2021-22 TPER S/P/D Data: 93.3%
- 2021-22 TPER Synchronized: 94.1%
- 2021-22 TPER Synchronized Data: 97.6%

An in-person National Technical Panel Seminar is scheduled for March 31 through April 3, 2022, in Chicago. All applications have been processed for those going to observe or obtain activity, certification and/or advancement.

- Dance: 12
- Pairs: 11
- Singles TC: 9
- Singles TS: 41
- S/P/D Data Operator: 17
- Synchronized: 16
- Synchronized Data Operators: 11

All new and existing singles, pairs and ice dance data candidates applying for their national appointment will also have the opportunity to test for a synchronized data operator appointment. This aligns with the ISU, where a data operator can serve on any discipline.

The Technical Panel Management Subcommittee under DORM and the Technical Panel Training Subcommittee under the Officials Training Committee are partnering with each other in selecting the faculty for the seminar and the overall content of the seminar.

The Technical Panel Management Subcommittee is reviewing official activity requirements to maintain active status. A gentle reminder will be sent to those technical panel officials who have not had any activity. There are officials who hold technical panel appointments that have not had any activity pre-COVID-19.

A thorough review is being conducted on technical panel official certification and advancement procedures, and conflict of interest forms (COI). New updates to the Ethical Conduct and Conflict of Interest Policy will be finalized soon and available as part of compliance for the 2022-23 season. All conflict of interest forms will be online.

The Technical Panel Management Subcommittee is also reviewing the 24 month in grade for nonqualifying appointments. In addition, they are also reviewing the entry point of where foreign officials holding ISU technical panel appointments that are now residing in the United States would fall under our current appointment guidelines.

The subcommittee is also identifying technical panel officials for long-term planning in obtaining international or ISU appointments.

Report of the Technical and Officials Group (Group 3) 2022 Board of Directors and Governing Council Meetings April 2022

Officials Development and Assessment Subcommittee – Victoria Hildebrand, National Vice Chair

Ongoing feedback to officials is required to provide our athletes with the best possible officiating. With that in mind, and striving to provide an environment of transparency, the Officials Development and Assessment Subcommittee piloted an assessment process for judges and technical panel officials during the 2022 qualifying season.

The subcommittee researched the existing ISU assessment process with the help of Charlie Cyr and Debbie Currie, and leveraged the areas that were most applicable. That included reporting capabilities that were added to the accounting software to help identify ‘out of range’ marks by judges. This capability is called the ‘Gray Bar Report. Judges captains were identified for each of the pilot competitions, and questionnaires were provided to the selected judges captains and technical panel captains for post-competition assessments.

Valuable feedback was collected and next steps to share that feedback have been proposed. There was sufficient value and learning that the subcommittee will be expanding the pilot for the 2022-23 competition season with the ultimate goal of implementing a similar process for nonqualifying competitions.

Officials Recruitment Subcommittee – Scheherezade Redmond, National Vice Chair

The Officials Recruitment Subcommittee had an unplanned meet up with a few committee members while at the Kalamazoo Kick Off Classic Synchronized Skating Competition in November 2021. Further work and research is needed in providing a more robust recognition program for all officials. Hopefully there will be more outreach opportunities as health and safety mandates loosen around the country.

The Officials Recruitment Subcommittee held the following events:

- Synchronized Skating Technical Specialist Zoom (more than 50 participants) Jan. 3, 2022
- Open house for prospective officials (in conjunction with the NY Adult Competition Feb. 26-27, 2022
- Intro to Synchronized Judging (in conjunction with the Hershey Reflections Competition) Feb. 20-21, 2022

Lexi Rohner provided a proposal (to begin July 1, 2022) for a more efficient announcing leadership structure. Time was spent on evaluating the effectiveness of the current structure and developing a more streamlined manner of handling responsibilities. It is believed this new structure will best serve U.S. Figure Skating, the DORM Committee, subcommittees and, most importantly, announcers. Overall communication will be more effective, which is paramount to providing U.S. Figure Skating with quality officials.

The Officials Recruitment Subcommittee processed and followed up on more than 60 officials interest recruitment forms, assisted two international officials with transfer of appointments and grew social media platforms (Instagram: 1,400 followers, Facebook: 933 followers).

Future projects for the Officials Recruitment Subcommittee include:

- Officials recognition program
- ZOOM question and answers sessions for potential officials
- Mentor Coffee Chat

Event Management Officials Subcommittee – Aristeo Brito, National Vice Chair

The accounting leadership on the DORM Committee has had the following promotions in the last year:

- Six apprentice accountants promoted to regional accountants
- Two regional accountants promoted to sectional accountants
- Potentially (with Board of Directors approval) two sectional accountants promoted to national accountants.
- Five new apprentice accountants have come forward to begin their development in becoming appointed officials.
- Additionally, 21 accountants have taken the virtual exam to become certified in handling virtual competitions.

The music leadership on the DORM Committee has had the following promotions in the last year: five regional, two sectional, one national (pending Board of Directors approval), and five resignations

Report of the Technical and Officials Group (Group 3)
2022 Board of Directors and Governing Council Meetings
April 2022

The music leadership group has also completed the following:

- Updated music laptops with SSD hard drives to extend life and usefulness
- Began process of updating background music library to bring it up to date and check for inappropriate language
- Single audio cases (mini kits) updated to match double kits
- Two large audio mixers serviced and updated at no charge
- Replaced ancillary audio equipment, as needed
- Continue to try to resolve ongoing issues with music upload/downloads within EMS

The announcing leadership group on the DORM Committee has had the following promotions in the last year: four nonqualifying and one regional; in-progress three nonqualifying and three sectional.

Announcing is the voice of competitions across the nation, beginning with its formalization more than 20 years ago. With no precedent, all areas of announcing have historically grown based on immediate and local needs. Leadership has rotated and been largely reactive. Though growth has been uneven in terms of individual announcer expansion, the list of appointed announcers has increased to the current standing at 80. Of those, two are currently inactive.

In 2018, U.S. Figure Skating restructured leadership committees to include the Domestic Officials Recruitment and Management (DORM) Committee. With three subcommittees (management, recruitment, training) each listing a dedicated announcer vice chair position, opportunities in the past two-and-a-half years to create new approaches have been cultivated to guide new and existing announcers. After an assessment of what tools were available, new leadership developed a list of action items to move announcing into a more robust development pipeline and create better and more solid opportunities for involvement nationwide.

Since this change in leadership in 2018, a seamless partnership amongst all vice chairs has been cultivated, allowing progress and communication to increase in a positive and productive manner.

Recommendations: In the current leadership structure, the Domestic Selections Committee has its own “voice” when making assignment recommendations; however, this is often in contrast to the actual viability and roster of qualified announcers for events.

Announcer training and education:

- Announcer Handbook – Step-by-step descriptive guide outlining the duties of announcers for competitions from grass roots to national.
- Announcer Mentor Program – Launched in 2021 to facilitate training and evaluation of chief announcers in the Championships Series
- Includes a program guide, description, appendices
- This program involved pre/post competition meetings with announcing leadership for mentors, as well as pre/during/post-competition meetings of chiefs with respective mentors.
- Follow up to competitions include peer evaluation forms, conversations and chief reports.
- Announcing Workshop (August 2021) – A three-part comprehensive training workshop led by national announcer and Announcers and Music Officials Training Subcommittee member, Robert Richmond. Thirty-five participants (current appointed announcers and prospective announcers) attended this virtual workshop PowerPoint training presentation. Created by Robert Richmond to address the announcer as the bridge between officials, skaters and audiences. The training detailed the mechanics of working as an announcer.
- Available to current and prospective announcers
- Created new regional/sectional writeable PDF application forms with explanation of application process
- Ongoing effort to migrate application process to U.S. Figure Skating Forms site

Report of the Technical and Officials Group (Group 3)
2022 Board of Directors and Governing Council Meetings
April 2022

U.S. Figure Skating announcer highlights and accomplishments, future projects for 2022-23 season:

COMMUNICATION

- Communication efforts have improved amongst all announcers
- Creation of private Facebook group has allowed more interaction between announcers nationwide, as well as disseminating vital information.
- For those not on social media, email distribution remains an avenue of communication
- Creation of Dropbox for announcer access to important documents

OUTREACH/RECRUITMENT

- Ongoing responses to prospective announcers via online interest form submissions
- Identification of nationwide areas lacking appointed announcers
- Individual training/coaching as needed with those seeking a nonqualifying appointment
- Established connection with nationwide LOCs awarded competitions to assist in supplying announcer recommendations both for quality and cost-effectiveness/proximity

SCRIPTS

- Complete review and reformatting of all scripts
- Adjusted scripts to reflect DEI efforts
- Creation of Dropbox for announcer access to important documents
- Ongoing editing as needed

FUTURE PROJECTS

- Fireside Chats for program-specific announcing (e.g., theatrical skating, solo dance, etc.)
- Track announcer activity on U.S. Figure Skating site
- Voice clips uploadable in Members Only
- EMS pronunciation feature (competitors/officials voice clips pronouncing their names)
- Live TV information (voice type, network needs)
- History of Announcing made available on website/Members Only
- Workshops, webinars available (U.S. Figure Skating tech assistance)
- Establish mock ShoFlo training docs (e.g., sample package/tutorials from past U.S. Championships ShoFlo (editing scripts))
- Real U.S. Champs video footage (from behind officials stand) to demonstrate Announcers and Music Coordinators; useful in advance of events

Report of the Technical and Officials Group (Group 3) 2022 Board of Directors and Governing Council Meetings April 2022

2022 Honored Officials

Officials who have served 25 and 40 years will be recognized at the 2022 Governing Council during the sectional meetings with a commemorative pin. Officials who have served for 50 and 60 years will be recognized during the Governing Council meeting with a commemorative plaque.

Report of the Technical and Officials Group (Group 3) **2022 Board of Directors and Governing Council Meetings** **April 2022**

Officials Training Committee (OTC) – Lori Osborne, Chair

While the 2021-22 season has continued to present challenges, the Officials Training Committee (OTC) provided various training opportunities. In the summer of 2021, 14 nonqualifying competitions restarted in-person trial judging. Each of the Championship Series events hosted trial judges for singles, pairs and ice dance. Synchronized skating was not about to be left out and held in-person trial judging at two nonqualifying events and both sectional championships. Both the 2022 U.S. Figure Skating Championships (Nashville) and 2022 U.S. Synchronized Skating Championships (Colorado Springs) offered in-person trial opportunities. Many of these trial judge opportunities had to work through a number of hurdles due to travel challenges and COVID-19. The JETs and trial judges exhibited flexibility and perseverance to ensure it was a valuable experience for all involved.

The OTC subcommittees (judges, technical panel, referees, accounting, and music and announcing) have worked tirelessly to prepare rules reviews, TPERs, exams, JETs, schools, and eLearning opportunities. Music and announcing held regular Zoom training sessions and in-person training sessions at local events. Accounting had in-person schools at three of the Championship Series events.

The first virtual judge's school was held Feb. 25-27, 2022, and focused on singles and dance test judges. More than 130 applications were received, and 70 selected candidates participated in the school. At this writing, the school has concluded, and additional virtual learning opportunities will be evaluated based on candidate and faculty feedback. From the virtual school the following numbers of candidates were recommended for promotion, pending passing the written exams:

Discipline / Level	Bronze	Silver	Gold
Dance	5	2	12
Singles	6	7	16
Totals	11	9	28

Upcoming schools include the 2022 National Technical Panel Seminar March 31 through April 3, 2022, in Chicago.. An in-person Judges Appointment Seminar is scheduled for May 19-22, 2022, in Denver, Colorado. The committee will also review opportunities to host in-person training for referees in the coming year.

New eLearning modules are underway, and we are expected to release two to three new modules by summer 2022. The committee has identified a pipeline of training modules. Multiple teams will kick off in March and April. Thanks to the various announcers working with Ilana Prusock on creating voiceovers for each of the modules.

Thank you to all who participated as JETs, faculty, and members of the OTC subcommittees. Our committee chairs have worked tirelessly to ensure we provide valuable training for all officials. Thank you to the training subcommittee vice chairs:

- Valarie Berger – national vice chair, accounts and technical accountants
- William Goen – national vice chair, announcers and music officials
- Kerry Jennings-Cooper – national vice chair, judges
- Rick Perez – national vice chair, referees
- Lisa May – national vice chair, technical panel
- Heather Feinstein – vice chair, local and eLearning judges schools

I would also like to thank the DORM Committee for its partnership this year. Together, we have created consistency in training programs and trial judging events to ensure that officials are prepared to serve. Finally, I would like to thank our group coordinator, Todd Bromley, and headquarters staff, Juliet Newcomer, Kelly Vogtner, Kathy Drevs, and Cassy Papajohn, for keeping us organized and moving our initiatives forward. We could not do any of this without your leadership and support.

Tests Committee – Reed Hastings, Chair

Although COVID-19 continues to be a concern, this year largely saw a return to pre-pandemic skating activity norms. Virtual testing continues to be a popular testing option for many skaters and clubs.

The Tests Committee continues to evaluate feedback and consider changes to rules and policies to strengthen both in-person and virtual testing. It continues to be the goal of the Tests Committee to remove obstacles that limit a skater's ability to achieve their testing goals, while maintaining or strengthening adherence to test standards.

Report of the Technical and Officials Group (Group 3) **2022 Board of Directors and Governing Council Meetings** **April 2022**

A “Virtual Test Guidelines” document was created to address many of the questions from skaters, coaches, test chairs and judges regarding best practices and expectations regarding virtual testing. Judges can now indicate if they are willing to judge virtual tests, and this can be viewed in the Officials Directory within Member’s Only.

The committee continues to explore alternative ways of testing and the possibility of expanding IJS test credit. We are pleased the Board of Directors has approved IJS protocol test credit for Excel free skate events — this has been a frequently requested option and is a significant benefit to skaters. In the same vein, we have proposed that IJS protocol test credit be extended to include solo free dance.

Supporting club test chairs is another goal for the Tests Committee. The “Guide for Test Chairs” was updated, a list of test chair “mentors” was posted, and regular Test Chair Round Table discussions were started on Feb. 28. We are exceedingly in awe and appreciative of the test chairs around the country. It takes a lot of time, commitment, and knowledge to be a test chair — please thank them every chance you get!

Since July 1, 2021, test credit was processed for 33 foreign skaters from 18 skating federations.

IJS protocol for test credit, 302 tests (submitted by 100 clubs) have been processed since July 1, 2021.

Test Name	# of IJS Tests
Adult Silver Free Skate	3
Adult Gold Free Skate	2

Individual Member	3
Total	302

Report of the Technical and Officials Group (Group 3)
2022 Board of Directors and Governing Council Meetings
April 2022

In-Person Testing versus Virtual Testing Results – July 1, 2021 through Feb. 28, 2022

In Person Pass	In Person Retry	Total	% In Person Pass	% In Person Retry
19,513	3,646	23,159	84%	16%
Virtual Pass	Virtual Retry	Total	% Virtual Pass	% Virtual Retry
6,650	1,078	7,728	86%	14%

Rescinded item from the 2021 Governing Council, Item #303, pg 118:

A request was made to review rule 4104 regarding the submission of false performance affidavits. After careful review and consideration, the Tests Committee determined no additional actions needed to be taken on this issue. U.S. Figure Skating current rules for grievance and ethic procedures are outlined in the rulebook and would take care of this issue if it were to occur. No further action is needed.

2021 TEST ACTIVITY
SINGLES/PAIRS
January 1 - December 31, 2021
