*Trial judges of all levels may apply to each NQS competition and all ice dance competitions. If the amount of interest exceeds the number of trial judges we can accommodate, priority will be given to trial judges holding the appointments listed in column B (i.e. new/ prospective or nonqualifying-level judges and higher). For the U.S. Pairs Final and sectional singles finals, priority will be given to officials already holding a qualifying-level appointment. Officials holding nonqualifying appointments may be accepted if space permits.

****Update July 23, 2025: It is unlikely that we will have space to accept new/prospective or nonqualifying judges to trial judge the U.S. Pairs Final. If you applied for this competition and have not already applied for additional competitions, we highly encourage you to do so.**
