

U.S. Figure Skating Nonqualifying Competitions

EVENT: Adult Moves in the Field

General event parameters:

1. Levels are based on the skaters' highest moves in the field test passed (standard, adult or adult 50+).
2. A moves in the field competition event will consist of the skater performing two moves in the field patterns.
3. The patterns to be skated depend on the season the competition is held. Seasons run from July 1st of the listed year through June 30th of the following year. The skater will perform the two patterns listed for their level, based upon the date of the competition. If the competition falls over two seasons (for example, June 30th – July 2nd), the moves will be selected based on the start date of the competition listed in the announcement.
4. Each skater will complete both of their required patterns consecutively in the order listed, pausing briefly in between.
5. The host club may choose to play background music, at a low volume, at their discretion.
