

Adult Solo Pattern Dance

General event parameters:

1. A solo pattern dance competition event will consist of the skater performing two solo pattern dances. Dance one is the dance listed first in the table below and dance two is listed second.
2. The dances to be skated depend upon the season in which the competition is held. Seasons run from July 1st of the listed year through June 30th of the following year. The skater will perform the two pattern dances listed for their level, based upon the date of the competition. If the competition falls over two seasons (for example, June 30th – July 2nd), the dances will be selected based on the start date of the competition listed in the announcement.
3. Skaters will complete both of the dances at each level. Dances will be scheduled at the discretion of the Chief Referee for each competition and may be competed consecutively or with a break in between.
4. The number of sequences to be danced is specified in Rule 8075 and indicated in parentheses in the table below.
5. Men and ladies will compete against one another in these events, skating their gender's respective steps.
6. Draw for the skating order of the competitors will be made in accordance with rule 8074.
7. Each skater may provide their own music for each dance. See rule 8031 (B) for requirements.
