

EARN YOUR SPOT ON THE MEDAL PODIUM!

HOW TO PLAY:

Pick three skills that need practice and write them on the lines to the left of the chart.

Practice each skill 10 times and give each attempt a score of 1 to 5 (five being the best). If the skill can be practiced on both feet, do five attempts on each side.

Tally up your points from all three skills and write your overall score in the box below the chart.

Refer to the medal chart to see whether you earned a gold, silver or bronze medal!

Share your results on social media using the hashtags #LearnToSkateUSA and #LTSMedalChallenge

Skills	Attempts										
	1	2	3	4	5	6	7	8	9	10	Total:
