EVENT: Moves in the field

General event parameters:
1. Levels are based on the skaters’ highest Moves in the field test passed.
2. A moves in the field competition event will consist of the skater performing two moves in the field patterns.
3. The patterns to be skated depend on which quarter of the year the competition is held. The skater will perform the two patterns listed for their level, based upon the date of the competition. If the competition falls over two quarters (for example, June 30th – July 2nd), the moves will be selected based on the start date of the competition listed in the announcement (in this example, the 2nd quarter).
4. Each skater will complete both of their required patterns consecutively in the order listed, pausing briefly in between.
5. The host club may choose to play background music, at a low volume, at their discretion.
