

KEEP THE FUN GOING

WITH ICE SKATING
LESSONS

There's a lot more happening inside the rink than ice skating. Friendships are being made. Laughing is the norm. Families and communities come together. If you enjoyed your experience on the ice today, let us help continue your journey.

WHAT COMES NEXT?

Whether you want to continue the recreational benefits of skating or dream of Olympic success, Learn to Skate USA®, powered by Toyota, is the place to start. Endorsed by U.S. Figure Skating, USA Hockey and US Speedskating, Learn to Skate USA® is the largest beginner skating program in the country and was the starting place for many Olympic medalists.

Through a progressive curriculum, conducted by background-checked, certified instructors, Learn to Skate USA® gives skaters the tools to improve their skills, go to a skating party with confidence, stay in shape or simply have fun!

LET'S GET STARTED!

Ready to get started?

Check the schedule at your local facility and sign up for group lessons today! You'll be placed in a class with other skaters of a similar age and skill level and will learn a variety of new skills from a certified Learn to Skate® USA instructor.

The fun doesn't stop there!

In between lessons, track your progress on the Learn to Skate USA® mobile app using the digital record book, practice tracker and monthly on- and off-ice challenges. Your progress in the app and on the ice will earn badges for your digital trophy case that you can show off to family and friends!

MAXIMIZE YOUR MEMBERSHIP

All members of Learn to Skate USA® are assigned a membership number that stays with you as you progress through your skating journey. This allows you to build upon your progress with the curriculum and track your success along the way.

Some programs include membership in their registration fees and others require it to be purchased separately, but membership is your key to unlocking all the benefits of Learn to Skate USA®.

MEMBERSHIP BENEFITS INCLUDE:

- Access to the Learn to Skate USA® mobile app, a digital companion to your skating journey that allows you to track your progress, participate in fun challenges and earn digital badges for your trophy case!
- An official Learn to Skate USA® Record Book with achievement stickers and space for taking notes about your practices
- A copy of the Learn to Skate USA® Parent Handbook with tips and resources for parents of young skaters
- A copy of Learn to Skate USA® The Magazine, a quarterly publication with articles about all three ice skating sports and tips for making the most out of your time on the ice
- Secondary sport accident insurance for additional peace of mind
- Immediate access to a nationwide network of Compete USA beginner skating competitions and events
