

Technical Notification 310

Dated: Aug. 29, 2024

Re: Continued Active Status of Technical Notifications

The Technical Notifications have been reviewed and each notification's status has been determined.

The following Technical Notifications dated and posted prior to Aug. 29, 2024, remain active until further notice:

256, 294, 295, 296, 303, 306, 307, 308 and 309

Please see the IJS Parameter Charts for the IJS Tables of Factors for Nonqualifying-Level Events and Scales of Values for Non-Standard Elements that were previously posted in Technical Notification 269.

All other Technical Notifications dated and posted prior to March 1, 2024, are no longer active and have been archived. The archived notifications have been incorporated into the rulebook or technical documents, or have become obsolete due to rule changes.
