

PARTIAL SYNCHRONIZED TWIZZLE (pSTw) CALLING SPECIFICATIONS

PRE-JUVENILE & ADULT (pSTw)

Basic Requirements:

- Both partners complete at least one full rotation for the twizzle.

Basic Principles of Calling:

- pSTw is evaluated as one unit with one level given for the team.
- If a loss of control with additional support by one or both partners occurs after the required element has commenced and the element continues without interruption, its Level should be reduced by 1 Level.
- If the skaters perform a three-turn, check rotation and then start a twizzle, the entry edge and the number of rotations of that twizzle will be counted after the three-turn from the starting edge of the proper twizzle.
- Entry edge to Twizzle cannot be from a stand-still, otherwise the Level will be reduced by one Level per stop.
- Synchronized Twizzle executed as a pirouette or as checked three-turns:
 - If error by one partner, reduce by one level.
 - If error by both partners, reduce by two levels.
